EDUCATION

B-Tech in Mechanical Engineering **2020 - 2023**
Aurangabad College of Engineering. *CGPA: 8.20* Chh. Sambhajinagar

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Context API, Bootstrap, UI Design, Responsive Web Design, Cross-Browser Compatibility
- **Backend:** Node.js, Express.js, RESTful API Development, Server-Side Routing, Middleware Integration
- **Database:** MongoDB (NoSQL), Data Modeling, CRUD Operations
- **Tools & Platforms:** Visual Studio Code, Git, GitHub, Postman, Vercel, Version Control, API Testing
- **Other Skills:** JSON, Application Deployment, Performance Optimization, Debugging, Team Collaboration

INTERNSHIP

Full Stack Developer Intern **Jan 2026 - Present**
Tech Surya IT Solution Pvt. Ltd., **Chh. Sambhajinagar, India**
Technologies : React.js | Node.js | Express | REST API | AWS Cloud technologies.

- Developed scalable single-page applications using **React.js**, implementing reusable components, hooks, and optimized rendering for better performance.
- Built RESTful backend services using **Node.js** and **Express.js**, handling routing, middleware, and error management.
- Designed and integrated **REST APIs** to enable seamless communication between frontend and backend systems.
- Implemented complete **CRUD operations**, request validation, and structured API responses to ensure secure and efficient data handling.
- Deployed web applications on **AWS Cloud**, understanding hosting, environment configuration, and production deployment workflow.

PROJECTS

Responsive Portfolio Website | React.js GitHub:https://github.com/prateek205/my_portfolio

- **Planned and expanded** a responsive personal portfolio using **React.js** by showcasing the skills, project, experience.
- **Improved** the page responsiveness and usability across 40% through optimized layout and reusable components.
- **Deployed** the application on Vercel by achieving up to 45% fast load time compared to local builds and continuous deployment.

Vanilla JavaScript Projects |JavaScript GitHub: https://github.com/prateek205/Project-Portfolio-Showcase

- **Built** the multiple Static and UI based Project using HTML, CSS and JavaScript with responsive landing page and modern layout, smooth animation and accessibility-focused design.
- **Enhanced** interactive JavaScript application like To-Do List app, form validation with full functionality using DOM manipulation and local storage for data management.

ACHIVEMENTS

- Expanded and deployed a **full-stack MERN application** by translating business requirements into scalable, production-ready features with complete **CRUD operations**.
- Built responsive and interactive user interfaces using **React.js**, implementing **filtering, search, and pagination** with **Context API** for efficient state management.
- Designed and consumed **RESTful APIs** using **Node.js and Express.js**, ensuring seamless integration with **MongoDB** for structured data storage and retrieval.
